POLICE REGREATION CLUB.

Annual Meeting.

At Happy Valley on Saturday afternoon, the annual meeting of the Police Recreation Club was held. Mr J. Hanson occupied the chair and the officials present were :-- Messrs D. McHardy, A., Ritchie and J. Watt, committee; W. Withers, secretary; and Mr-W. Kent, treasurer. There was also a large attendance members.

The Chairman said :- Gentlemen, the hour has come; that is, the hour when we cross from our club's past year into the new year. At this meeting we have to render account of last year's doings, to enter upon a new year, and to try-to improve the past, if possible. In retrospect I think we may look back upon the past year as a very successful one. From the time that the Police Recreation Club was started, when we had but a little bit of compound up at the Central Station, and had to fence ourselves in with nets to be able to play a game at all, we have acquired this lovely piece of ground and this matshed, where we can meet and he happy together. I think then that the present club, the membership and the general good feeling have justified all expectations. We began with little and we have got to where we bre, and I say that all credit is due to everyone who has workand for the common weal; to everybody who has done anything to give support, and to make this club what it is at present. The past year brought us a very sad experience in the fact that the typhoon blew our matshed down, and when I came down here on the day following the typhoon, and sat outside on the ground, something possessed me to take one of the bowling score ing boards, apon which I wrote "House to let; apply to W. Withers," and hung it up on the bridge. But as a number of us six there on a seat, we greatly recovered our spirits, and at last, when I said "Are we downhearted?" there was one roar of " No." And here we are, gentlemen, And this is what we have now. I think the report, which you will have read, shows a satisfactory state of things, and I hope that in the coming year all that has been done, and all that has been for the furtherance of goodwill, may be improved on. would mention also that we have received support from our superintendents, and for

that we are very grateful. The Chairman read a letter from Deputy Superintendent King in which he stated that he had been much interested in the annual report of the club, which afforded satisfac ory reading. He hoped to see the police higher in the league this season, and with that object in view wished to present a bat to every member of the Police XI who made 50 runs or over in any league innings. (Hear, hear). After a bat had been won by any member, a second bat or article of equivalent value at the winner's choice, would be given for 75 runs or more in any league innings, and a third for 100 runs or more. The writer had enclosed a donation of \$10 (Hear, hear and applause). The Chairman concluded—I think that is very pleasant reading, for it shows that Mr King has the interests of the Club at heart (Applause). I propose the adoption of the report and accounts, as

The motion being seconded by Mr Langley was unanimously carried. The Chairman-If anyone has any good in his heart in connection with the club, let him out with it now. If anyone can find any fault, let any such person now speak his mind. Anything that he has to say, let it be said now, or let him for ever hold his peace. If the management is satisfactory, all success to the coming year. Cheers greeted this announcement which showed that every one was satisfied with the way in which the affairs of the club are

conducted. The following officers were elected: -President, Cap ain Superintendent F. J. Badeley, Vice Presidents, Deputy Captain Superintendent F. W. Lyons, Messrs. E. R. Hollifax, T. H. King and P. P. J. Wodehouse; Chairman, Mr J. W. Hanson; Captain of the Club, Mr T. H King; Treasurer, Mr Kent, the appointment of a deputy on his departure for home being on the 10th of November, at 2 km. Specileft in his hands; Secretary, Mr Withers; beation and Form of Tender will be sent to it. General Committee (with power to appoint sub-committees). Inspectors Baker, Langley and Robertson, Sergeants J. Watt, Gordon and Lee, and P.C's. Ogg. Glenden-ning and Taylor; Bar Steward, Mr. Withers; Captain of League XI, Mr. Langley; Vice Captain, Mr. Pitt, Captain of 2nd XI, Mr. Canton, October 3, 1908. Withers Vice Osptain, Mr Ogg.

[FROM THE "N.C. DAILY NEWS"]

JAPANESE DIPLOMACY. Toxyo, September 25. A State Council was held to-day, which was attended by Prince Ito, Prince Yamaguta, Marquis Matsukata, Admiral Yamamoto, the Premier, Marquis Katsura,

and other members of the Cabinet. The discussion turned upon readjustment of Japan's diplomacy corresponding with her financial reforms. The strengthening of Japan's alliance with Great Britain and of her ententes with other Powers is held to be an inevitable step.

The sojourn in Japan of His Excellency Tang Shac-yi is expected to expedite the solution of outstanding questions between China and Japan; while the departure for Peking of Baron Ijuin, the new Japanese Minister, probably marks the inauguration of a new and broad-minded policy on the part of Japan towards China.

With reference to the State Council's anceting to-day, I hear, on reliable anthority, that the following subjects were discussed; the Fakumen railway difficulty; Japan's policy as regards China; colonization in Korea and Manchuria; relations with the Treaty Powers; the emigration question and the new directions for Japan's nercantile marine.

JAPAN'S PEACE POLICY. Токvo, September 28. It is amounced that in view of the existing conditions in North China the Japanese Government is of opinion that it is un-

necessary for it to station a big force on Chinese soil and it has decided to withdraw its troops with the exception of small garrisons in Peking, Tientsin and Shanhaikten. This step is stated to be in accordance with Japan's policy of peace and it is added that further illustrations of this same policy may be expected in due

THE AMERICAN FLEET. Toxio, September 28. A telegram from Manila states that in spite of the prohibition against the landing of the crews of the American Fleet a grand review will be held outside the harbour. 816 The provisioning and coaling of the fleet promises to be a difficult problem.

THE PROHIBITION OF MORPHIA Токто, September 28. A telegram to the Jiji from Peking states that Japan has agreed to accede to China's request for the prohibition of morphia on the condition that China enforces trademark regulations. To this China replies that the subject of trade-marks has nothing to do with the

The Bristol Daily Press, the chief journal in the West of England, sees in the published interview which Reuter's representative had with Mr Yamaza, the Japanese Charge d'Affaires in London, indications that the second control of the second dications that the new Government at

Tokyo is likely to atlopt a policy in Man-churia more frank and more friendly towards the interested powers. The main-tenance of the Hsinmintun-Fakumen Railway veto keeps open a question gravely perilous to the good relations of the three (F) friendly Governments, and its withdrawal, following guarantees for the safe-guarding of the Southern Manchurian Railway, would furnish just that happy solution of a troublesome question that moderate men in London, Peking and Tokyo ardently

FROM THE "CABLENEWS-AMERICAN."?

AMERICAN POLITICS. WASHINGTON, September 28.

To-day's newspapers contain a statement that Mr. Bryan contemplates challenging President Roosevelt to a joint debate. The statement has created considerable surprise and consternation among the politicians. Mr Bryan does not dehy it. But there has been no definite action taken looking toward the debate. It is probable that Mr Roosevelt would decline in case the challenge is forthcoming. The story of the alleged challenge grows out of the controversy that is even now racing between the Domogratic condidate. raging between the Democratic candidate and the President. President Roosevelt Save out a reply to the last statements of Mr Bryan rebuking the President anent the latter's remarks concerning Governor Haskell. The President takes occasion to make a complete defence of the administration and its policies. He declares that he has endeavored to carry through a programme of correction for the trust evils that exist. He winds up his statement with another criticism of Haskell and of the Great Reduction !!! Democratic party in employing him as its financial manager.

CINCINNATI, September 26. Senator Foraker has issued a long Senator Foraker has issued a long statement in reply to the insinuations made against him in the Hearst papers in which he makes a complete denial of the charges. He states that he is absolutely innocent of any wrong doing and his been much maligned. He declares he will present proofs of his innocence at the proper time. He is astounded that the people, who have given them their confidence for more than a quarter of a century, should take cognizance of such charges from such a source. Senator Foraker has not withdrawn from the Ohio senatorial race but it is believed that the charges against him have hurt his chances beyond repair. nurt his chances beyond repair.

Washington, Sopt. 25.

President Roosevelt has made vigorous answer to the telegram of Mr Bryan rebuking him for casting asperions upon Governor Haskell, treasurer of the National Democratic campaign committee. Roosevelt declares that it was a disgrace to explode, preserves catables, Ribpipes with entrust Haskell with the management of the campaign fund.

William H. Taft has not been drawn into the Haskell affair and remains silent.

Colonel R. G. Gordon-Gilmour, C.B., D.S.O., half-pay, has been selected to succeed Colonel Lord St. Levan, C.B.,-incommand of the Grenadier Guards.

It is rumoured that a movement is on foot among some supporters of the Government to demand the abolition of the military appointment known as Commander-in Chief of the Military Forces in the Mediterranean and High Commissioner; created for and forced upon the Duke of Commanght much against his Royal Highness's inclination. The district is a wide and scattered one, stretching from Egypt to Gibraltar, involving a deal of travelling, with no prospect of achievement, and one which was absolutely unnecessary in the interests of the Army.

Practice with the heavy guns of French warships off Toulon nearly ended in a catastrophe on 1st Sept. The old battleship Admiral Dupers was being used as a target. Several shells missed the ship and fell among the villas by the sea between Carqueiranne and Salins. A sanatorium with 200 children in it was twice struck by projectiles, which pierced great holes in the walls and a shell fell close to a party of the sanatorium inmates are suffering

physically. Not long ago five of them were going on week-end pass from Fort George to Aberdeen They entered a compartment in which were already seated four young ladies. Four of them took the sear opposite, and one had perforge to sit beside the fair ones. Just as the train was moving off a diminutive little clergyman jumped into the compartment and seeing one side full, tried to edge himself in between two of the Highlanders. Not tinding it very comfortable, he turned to the one on his right and said: "Sit up, please. You know that according to Act of Parliament the scat holds live." The Highlander looked at him for a moment, and then replied: "That may be a'rich

It is claimed that the oldest Britis Army pensioner is Thomas Mann, latcolour-sergeant of the 57th (the old Di-Hards), who was born in 1818, enlisted in March, 1836, under King William IV., and served in India, Corfu, the Crimea, an various stations in the British Isles. IN QUEEN'S ROAD CENTRAL. Early on Sunday morning, the proprietor of Bertolone's sweetmeat and fancy goods store, was rudely awakened from his simplers by the heavy hand of an European policeman being laid upon him. With a great four at his heart, he quickly arose, clothed himself hastily and followed the guardian of the peace down into the shop, where he was made aware of the fact that there had been midnight, or very early morning, visitors. In the dark, they examined the safe but there was no cause for alarm, as it was found to be intact. But this was not through any fault of the robbers, for a piece of iron had been discovered in the lock-or the broken part of an unfitting key thus showing that an attempt had been made to rifle the safe of its contents. They were however evidently disturbed by someone as tools were found lying around. "Open it," said the con-stable, "perhaps they have got away with the contents and closed the door of the safe to avoid, for a time at least, suspicion being aroused". Acting on this advice, they succeeded, after some difficulty, in opening the iron chest. A hasty band was thrust in by the proprietor who soon withhas draw it, announcing at the same time that as far as the contents were concerned, everything was intact. FOOTBALL NOTES.

What are the prospects of the forthcoming Football Season in Hongkong, is a question of interest, not only to the player and members of the various Clubs, but also to the spectator, who Saturday after Sate : day wind their way to Happy Valley to wa ch the teams play. Many are the varied incidents that more than repays one for a visit to the Colony's playing fields e pecially when the Fleet arrives, and the boys in blue are down their to watch their team light its way to victory, or struggle tenaciously against defeat. Their bicezy humour rattled off at gramophone speed, as [were highly appreciated. they urge on the various members of their team; their marvellous pseudonyms that they lavishly bestow on the perspiring players; until then one never realised whata wonderful little member the tongue is in expressing one's sentiments of good will or contempt for our fellow beings. Happy, free, and unconvential, these groups of blue jackets bring into the would be blase atmosphere of the Colony a touch of rugged genuineness.

The twenty-second annual meeting of the H.F. was undoubtedly one of interest. It is never safe to venture very far anywhere in Hongkong without a pocket edition of It ha's Who. The vexed question of asking players outside the Club to play in interport matches is one of importance to all those who follow Hougkong sport. Th Club was fortunate enough last year to defeat Shanghai with a team exclusively drawn from its members. Both Piercy and Hamilton who helped Hongkong to win on that occasion, though playing regularly for the Y.M.C.A., were members the Hongkong team win. And it is very doubtful if the Club, with only a limited and one discharged, in the other hand. number of players available for its home matches, will not find it very difficult to secure a full cleven strong enough to uphold their repection in the northern port. Practically the whole question is summed up in Mr Daniel's query : "What team wil Shanghai play—a representative team or a

In E. F. Aucott last year the Club had a captain that fully justified his selection to this important post. W. H Weston, this year's captain, plays in the forward line. It is usual to select a leader from the half-back or bac ine, as he is in a position to command better view of what is passing on the field. HOW TO DO MORE BUSINESS

MANY AMERICANS have built up M great commercial enterprises, by the use of Trade-news items supplied by our CLIPPING_BUREAU: Chinese mer-COMPANY, chants can do the same if they follow American methods. We clip business news from more than

50,000 papers monthly, and send these items to you while there is good prospect of supplying what is needed and doing

We can send you news and clippings on any line of business, or any subject, and you will be able to know, IN TRUTH, just what American business methods are like, and where there are openings for Chinese merchandise

Suppose, for instance, you are a maker of Pottery: our Clipping Bureau might find in some paper an item saying that a big wholesale Pottery concern was being organized in a certain town :-- we, of course, would send you that business-news item, and give you a chance to do business with that firm.

We can do just the same in any line of business, for there is always something being on that it might pay Uhinese mer. chants to know.

We can supply you with advertisements of all the great American merchants and manufacturers, so that you may assimilate their ideas and increase your business in Chion the way we do here. To avoid delay, send ten dollars (Mex.) for one mouth's trial order. Subsequent rate can be determined according to service. It won't cost any money to send for our fine Book which tells all about our service and how much it costs. Send for it to-

Consular references. INTERNATIONAL PRESS CLIPPING BUREAU. DEARBORN STREET, CHICAGO, ILL.

OPIUM SMOKING AMONGST OFFICIALS.

In reading the various accounts of attempts now being made to suppress opium. smoking amongst officials in the South of China, one is conscious that either the Throne is very careless or else very impotent. Frequently do we se copies of edicts from Peking emanating often from the Grand Council which have been published in the South, to be followed a month later, by another conched in the same words, but lamenting that so little notice has been taken of previous edicts. It is hardly possible that these edicts should be published with the idea that they need only be regarded as little, if anything better than waste paper. But that is really the effect created One is in all honesty driven to the conclusion that the influence of the Throne is still very weak in the Provinces, and that its have we seen orders that in Kwang- OFFICE, P. W.D., Hongkong. tung, for example, the Viceroy shall get to know who amongst the officials are smokers and again, who amongst them are so devoted to the pipe that they are victims to the craving. Yet apparently the duty has been ignored, or the task is so difficult to accomplish that it is regarded as almost impossible. More than once the order has come down to seek out every!

record it, that a full report may be forwarded to Peking. Yet the work remains mattended to, as far as we win judge. Last week another edici was received by the Viceroy of Kwangtung, in which once more the same duty was insisted upon, and a month was allowed him wherein to get the infermation. It would appear that this time something must be attempted. The Viceroy has therefore in his turn ordered the Provincial reasurer, the Provincial Judge, and Liberary Chancellor, and the Sal Commissioner to take the matter in hand, and to see that it is carried out as requested. It is ordered that the work must be done within the mouth The name and the address of every official smoker is demanded, and further, whether he is a victim of the drug or whether he merely takes a little opium, without in any way being a slave to the pipes A further division of the work is als ordered. The military officials have to take upon their shoulders the work of seeking the needed information in regard to military men

position and everything about him, and

the civil sunkers. Of course the same threats and the same laments are includeed in. Is would appear from the tone of this partitudes offer that a verybody is nov in extreme carnest. The misfortune that the same thing has been ordered before, in the same language, with the same tarents, and apparently nothing satisfactory has been accomplished. These facts, therefore, lead us to think either that the Cintral Government are really not very much in cornest or else that they are quite impotent to compel the Provincial officials to carry out a piece of work that is distasteful to all parties, and especially to those most c accined

whilst the civil officials must attend to

WEATHER REPORT.

The following notice-is issued by Mr Figg of the Hongkong Observatory :-On the 4th at 5.30 p.—The typhoon has reached the Luzon coast to the N. E. of Manila. It seems to be moving rather quickly towards W. or W. N. W. and it will probably enter the China Sea to-night. On the 5th at 9.50 a.—Red South Cone and Drum hoisted (indicates, a typhoon S. E. of Colony beyond 300 miles).

At 11.55 a.—The barometer has risen rapidly in Manila, and fallen moderately

over China and Formosa. The typhoon is situated to the W. of Luzon, probably in about 17" Lat and 117" For SHANOHAL.-Long. It continues to move towards W. N. W.

Pressure has given way over S. Japan. It remains high over the N. part of the Sea of Japan. Bad weather may be expected over the

N. part of the Cama Sea, and strong N. E. winds to gales in the Formosa Channel. Hongkong rainfall thr the 24 hours ending at 10 a.m. to-day, 0.00 inches. Porecast for the 24 hours ending at moon to-morrow.

FORECAST DISTRICT. 1.—Hongkong and Neighbourhood, N. E. winds, probably increasing to a gale: fine at first, squally with rain later. 2.—Formosa Channel, N.E. winds, strong to a gale.

3.—South coast of China between Hongkong and Lamocks: Same as No. 1. 4.—South coast of China between Hongkong and Hainan, Same as No: I.

SHIPPING.

The special constructed Japanese submarine transport conveying two complete submarines within her hold, is expected to arrive at Hongkong from England, where she was built, about the end of October.

The master of a licensed cargo boat was fined \$2, at the Marine Court this morning. for not having his boat properly lighted, while the master of a steam launch was also fined \$5 for causing an obstruction and preventing free access to Murray Pier. "I had five children on board and the police counted them," was the excuse of a boatwoman who was fined \$ 5 for carrying five

persons in excess of the number allowed.

Hongkong Tides,
The tide table given below has been
compiled at the Nautical Almanac Office
in London from the result of the analysis
of observations taken by means of an au-
tomatic tide-recording machine in the Wa-
fer Police Basin at Teim Sha Tsui during
the years 1887-8-9.
The zero of the table corresponds with
the zero of the soundings in the Admiralty

Charts which has been found to be 4 feet 3-inches below mean sea level. To obtain the depth of water on the tide gauge at the Victoria Naval Yard add 3 feet 4 inches, and on the gauge at Lamont Dock, Aberdoon, add 10 feet 6 inches to

the height given in the table.
